

STUDY TOOLKIT

Claude Certification — Prep & Practice Resources

Curated Udemey practice tests, exam-prep courses, and free video resources for all four Claude Certifications. Use this alongside the official Anthropic Academy material linked in the certification announcement — treat these as extra practice, not a replacement for the official study guide.

OFFICIAL ANTHROPIC STUDY MATERIAL — START HERE

Free official prep courses for all four certifications are available on the Anthropic Partner Academy. Exam fees below are fully reimbursed under the Trailblazer policy (see the certification announcement mail).

Certification	Official Prep	Exam Fee (USD)
CCAO-F — Associate, Foundations	Free — Anthropic Partner Academy	\$99
CCDV-F — Developer, Foundations	Free — Anthropic Partner Academy	\$125
CCAR-F — Architect, Foundations	Free — Anthropic Partner Academy	\$125
CCAR-P — Architect, Professional	Free — Anthropic Partner Academy	\$175

ADDITIONAL PRACTICE — UDEMY & FREE VIDEO RESOURCES

CCAO-F Claude Certified Associate — Foundations

PRACTICE TESTS — PAID

Claude Certified Associate Foundations: 6 Practice Exams

<https://www.udemy.com/course/claude-associate-foundations-practice-exams/>

360 scenario-based questions across prompting, responsible AI, and output evaluation — mirrors the CCAO-F blueprint.

PREP COURSE — PAID

Claude Certified Associate Foundations (CCAO-F) Exam Prep

<https://www.udemy.com/course/claude-certified-associate-foundations-ccao-f-exam-prep>

Short video course covering the Claude interface, prompting fundamentals, and exam structure — good starting point for non-technical learners.

FREE RESOURCE

FREE CCAO-F Practice Exam Sampler (20 questions)

<https://portal.tutorialsdojo.com/courses/free-claude-certified-associate-foundations-ccao-f-practice-exams-sampler/>

No-cost timed/review sampler — good gut-check before committing to a paid bundle.

CCDV-F Claude Certified Developer — Foundations

PRACTICE TESTS — PAID

CCDV-F Claude Developer Foundations: 6 Practice Exams

<https://www.udemy.com/course/ccdv-f-claude-developer-foundations-6-practice-exams/>

318 questions covering the Claude API, agents, MCP servers, and production-readiness — weighted to the official 8-domain blueprint.

PREP COURSE — PAID

Claude Certified Developer Foundations (CCDV-F) Exam Prep

<https://www.udemy.com/course/claude-certified-developer-foundations-exam-prep>

9+ hour hands-on video course: Claude Agent SDK, tool use, MCP servers, Claude Code, prompt/context engineering, and security controls.

FREE RESOURCE

FREE CCDV-F Practice Exam Sampler (20 questions)

<https://portal.tutorialsdojo.com/courses/free-claude-certified-developer-foundations-ccdv-f-practice-exams-sampler/>

No-cost timed/review sampler covering the same 8 exam domains.

CCAR-F

Claude Certified Architect — Foundations

PRACTICE TESTS — PAID

Claude Certified Architect Foundations: 6 Practice Tests

<https://www.udemy.com/course/claude-certified-architect-ccaf-tests/>

360 scenario questions on agentic orchestration, MCP tool design, and Claude Code workflows.

FREE RESOURCE

Claude Certified Architect – Foundations Prep (freeCodeCamp)

<https://www.freecodecamp.org/news/claude-certified-architect-foundations-prep-for-anthropic-s-new-certification-exam/>

Free 13-hour hands-on course on the freeCodeCamp YouTube channel — agentic architecture, MCP, Claude Code configuration, and context management.

CCAR-P

Claude Certified Architect — Professional

PRACTICE TESTS — PAID

Claude Certified Architect - Professional (CCAR-P)

<https://www.udemy.com/course/claude-certified-architect-professional-ccar-p/>

300 original questions across 6 timed tests — enterprise architecture, RAG, governance, and multi-agent system design.

Fewer dedicated free resources exist yet for CCAR-P (newest exam) — the practice tests above are currently the strongest option; check back as more prep material is published.

Prefer one course that covers all four?

267+ questions across all four certification tracks in a single course — a good option if your team is pursuing more than one certification.

FREE SUPPLEMENTARY VIDEO CONTENT (GENERAL CLAUDE / CLAUDE CODE)

Claude Code Full Course (freeCodeCamp)

<https://www.freecodecamp.org/news/claude-code-full-course/>

1.5-hour beginner-to-practical crash course on Claude Code — useful background for CCDV-F and CCAR-F.

Claude Code Essentials (freeCodeCamp x ExamPro)

<https://www.freecodecamp.org/news/claude-code-essentials-exampro/>

Covers the agentic loop, CLI workflows, tool usage, and context handling.

Note: the Udemy and freeCodeCamp resources above are independent, third-party study material and are not affiliated with or endorsed by Anthropic. Use them to supplement — not replace — the official Anthropic Partner Academy prep material.
